NEW DISCREPANCIES IN SMITH ACCOUNT

Little Rock, March 7.—The attorney general's office continues to receive information showing the further discrepancies in the accounts of Monroe Smith, late chairman of the Arkansas Tax Commission. Yesterday it developed that an insurance company paid \$400 in franchise taxes in 1919 and the photographic copies of the checks were exhibited with the endorsements of Mr. Smith. An effort is being made to ascertain the number of companies from which Mr. Smith collected the tax and already the aggregate amounts to several thousand dollars. Since his disappearance months ago no trace of him has been found and it is currently rumored in political circles that he

has fled to British Honduras, with which country the United States has no extradition treaty.

W. H. Hall, late chairman of the Board of Control, continues under treatment at the state hospital for nervous diseases. He appears to be perfectly carefree. In the meantime reports are being received of further irregularities in his collection of accounts due companies furnishing supplies to the state institution.

LLOYD GEORGE NOW RESOLVES NOT TO RESIGN

HARDING IN RUSH TO ANSWER BORAH

(By the Associated Press)
Washington, March 7.—A prompt response by President Harding to the Borah resolution, inquiring as to the status of the Lansing-Ishii agreement between the United States and Japan in the event of ratification of the four-power pact, was indicated today after the president had conferred with Senator Lodge, chairman of the senate foreign relations committee, and Senator Underwood, both members of the American arms conference delegation.

Senators Lodge and Underwood were agreed in holding that the new treaty would supplant and also dispose of the Lansing-Ishii agreement.

COTTON MARKETS ABOUT UNCHANGED

After opening at a stiff advance, in response to higher cables, the New York and New Orleans cotton markets weakened later and closed at a small net decline.

May New York contracts closed 3 points lower at 17.90 cents and July 4 points down at 17.21 cents. May New Orleans closed at 16.73 cents, 3 points net lower, and July at 16.41 cents, 2 points lower. New Orleans spots, which failed to respond to yesterday's advance in futures, were marked 25 points higher at 17 cents today, while New York spots were unchanged at 18.50 cents.

HARDING RAISES QUESTION OF LAW

(By the Associated Press)
Washington, March 7.—President Harding has asked Attorney General Daugherty for an opinion as to the right of Senator Smoot and Representative Burton to serve on the allied debt refunding commission while retaining their seats in congress. MAYOR'S RACE BRINGING OUT A HEAVY VOTE

With more votes cast up to 3 o'clock p. m. than were polled during the entire day at any municipal election in Conway in the past six years, indications were at that hour that practically the entire Democratic voting strength of the city will show up at the polls before they were closed at 6:30 o'clock this evening.

The race between Mayor W. D. Cole and Judge W. H. Duncan for mayor has developed into one of great interest, and friends of neither candidate are predicting a large majority.

Women are voting in larger numbers than ever before since they were accorded the ballot.

At 3 o'clock this afternoon a total of 494 votes had been polled, divided as follows: First ward, 191; Second ward, 153; Third ward, 150. The total vote two years ago was 472.

Only a few of the election officials appointed by the committee failed to appear for service. The organization at each precinct is as follows:

First Ward—R. L. Jetton, W. F. Thomson and W. A. Russell, judges; R. B. McCulloch and William S. Little, clerks; W. A. Loveless, deputy sheriff.

Second Ward—J. M. Bolls, L. B. Atkinson and W. N. Owen, judges; Ingram Hartje and A. J. Phillips, clerks; R. C. Dickerson, deputy sheriff.

Third Ward—J. A. Pence, W. H. Brummett and W. A. Gibbon, judges; W. C. Thompson and B. A. Short, clerks; J. A. Reid, deputy sheriff.

It was stated at each precinct that the count will be started immediately after the polls are closed. The results will probably be available by 8 o'clock tonight.

OVER PERJURY BY WITNESSES FOR ARBUCKLE

(By the Associated Press)
San Francisco, March 7.—Mrs. Minnie Neighbors and Mrs. Frances S. Bates, who testified for the defense in the trial of Roscoe (Fatty) Arbuckle, were indicted on perjury charges early today by the grand jury.

Mrs. Neighbors testified at the Arbuckle trial that she had been at Hot Springs, Cal., with Miss Virginia Rappe, for whose murder Arbuckle was indicted, and that Miss Rappe suffered two sick spells while there. Mrs. Bates testified as to knowing Miss Rappe during the time the murdered actress was a model at Chicago.

"OLE MISS" LOBBY CHARGE IS AIRED

(By the Associated Press)
Jackson, Miss., March 7.—Due to the inability of Governor Lee Russell to appear as a witness, the committee of seven appointed by the house of representatives to investigate charges of an insurance lobby, adjourned this morning until Thursday.

Members of the committee have been virtually relieved of all other legislative duties for the time occupied by the investigation. Governor Russell instigated the charges that a pernicious representing fire insurance companies against which the state has filed suit, has been established here.
